

In Prerow you can rent bicycles. From Center take the Buchenweg with its extension the Mittelweg it leads you to the West in the Darß forest. The northern part of this forest is interspersed of beautiful book trees. Where are "Born" signs you have to turn left. Who want a natural beach ride towards the west (This beach can not be reached by car). There are trees that are bent in the wind. On a straight forest road we travel several kilometers to the south. The path is uncomfortable and leads some large concrete slabs. We come to a crossroads. 3 ways are suitable for large vehicles. But here you have to take the narrow 4th footpath, a bit left, which winds for several kilometers around pine trees via the village Born.

The village with its many Reed covered houses is worth seeing. Here one can stop for example at the small port in the village or walk in Petersson yard. On the highway road, we leave to the east of the village. We see the Büdnerhaus here on way in Chausseestraße.

Shortly before the end of the village we turn right from the driveway and follow the sign "Prerow-Wieck" (Bliesenrader Weg) we drive 2 kms along a little brook, on both sides are meadows. We bend on the left from this street a narrow marked way in direction of Wieck. Over the streets Müggenberg and Bauernreihe, we get to the port of Wieck. About the ways Südkaten and Jagdhaus we get to the end of the village. From here it is about 5 km back to Prerow. The road begins narrow, but is led by a beautiful landscape: the inland waters is always visible and sometimes the reed thin. Later we drive through meadows.
